Disk Type: *(Please indicate only one):*

DOS: ❏ 3.5/720K   ❏ 3.5/1.4MB

Windows®:   ❏ 3.5/1.4MB

Windows CD-ROM (CPA onl)   ❏ 3.5/1.4MB

*NOTE: **The MicroMash software is good for a two-Exam period.** Please be sure to check proper disk size needed. There will be a minimum $25.00 charge for each disk size exchange. Because of the way the disk types are "written" to by your computer, they should always be used in the same type of disk drive. You cannot alternate between using a 5.25 high density (1.2MB) disk drive on one IBM-PC and a standard 360K disk drive on a different IBM-PC.*

SYSTEM REQUIREMENTS:
DOS: DOS 3.0 or higher, 640K RAM, 512K (524288 bytes) free memory, two disk drives which can be (a) two floppies, (b) one floppy and one hard drive (maximum hard drive space required 6MB), or (c) one floppy with Novell networks.
Windows: 386 or higher, Windows 3.1 or higher in enhanced mode, 4MB RAM, 1.4MB floppy and hard drive with 4MB free, VGA monitor and mouse is required.
*Gleim Manuals are non-refundable, non-returnable.
